It is likewise proper to state, that the sum of \$1,677 10 was paid to persons not belonging to the office, for their assistance in transcribing voluminous documents and papers,

including a list of the factories employed in manufacturing, for sale, such articles as would be liable to duties, if imported from foreign countries, extracted from the Digest of Manufactures, as well as other sources of information, agreeably to a resolution of the Senate, of 1st March last, which could not have been seasonably accomplished without this aid, by the persons belonging to the Department.
